

# In-Activity AI Prompt Cards

**Purpose:** Lightweight prompt patterns facilitators can use *during* an activity to keep AI use aligned with learning, judgement, and ethics.

Use selectively — prompts are optional, not mandatory.

---

## Sensemaking prompts

- "Summarise the key points, noting areas of disagreement or uncertainty."
- "What assumptions might be influencing this output?"

## Challenge and critique prompts

- "What does this output miss or oversimplify?"
- "Generate an alternative perspective or interpretation."

## Ethics and impact prompts

- "Who might be advantaged or disadvantaged by this approach?"
- "What risks or unintended consequences should we consider?"

## Reflection-in-action prompts

- "How is AI shaping our thinking right now?"
  - "Are we deferring judgement too quickly?"
-

## About CloudPedagogy

CloudPedagogy develops practical, ethical, and future-ready AI capability across education, research, and public service.

This scenario is part of the AI Capability Framework Scenario Library, supporting applied, context-sensitive practice using the CloudPedagogy AI Capability Framework (2026 Edition).
