

AI Capability Check-In

Purpose: A lightweight self or team check-in aligned to the six AI Capability Framework domains.

Use periodically to reflect on growth, gaps, and confidence.

Check-in questions

1. Awareness

- Do we understand where AI is shaping our work?
- Are assumptions and limitations visible?

2. Human–AI Co-Agency

- Are roles between humans and AI clear?
- Is judgement remaining human-led?

3. Applied Practice

- Are we using AI in ways that genuinely support our goals?
- Are practices context-sensitive rather than generic?

4. Ethics, Equity & Impact

- Are ethical and equity considerations surfaced early?
- Do we feel confident raising concerns?

5. Decision-Making & Governance

- Are responsibilities and approvals clear?
- Is AI use documented where needed?

6. Reflection, Learning & Renewal

- Are we learning from experience?
 - Are practices evolving over time?
-

About CloudPedagogy

CloudPedagogy develops practical, ethical, and future-ready AI capability across education, research, and public service.

This scenario is part of the AI Capability Framework Scenario Library, supporting applied, context-sensitive practice using the CloudPedagogy AI Capability Framework (2026 Edition).
